[Approved by Governor September 21, 1998. Filed  
with Secretary of State September 22, 1998.]

#### LEGISLATIVE COUNSEL'S DIGEST

AB 2569, Kuehl. Controlled substances: public libraries.

Existing law makes it a felony, punishable by imprisonment in the state prison, to possess for sale or sell heroin, cocaine, cocaine base, methamphetamine, or phencyclidine (PCP). Existing law also provides that any person who is convicted of any of these offenses, in addition to the punishment imposed for that conviction, shall be imprisoned in the state prison for an additional one year if the violation occurred upon the grounds of a public park or ocean-front beach, including adjacent public parking lots and sidewalks, and if no other additional punishment is imposed pursuant to specified provisions of the Uniform Controlled Substances Act. Under existing law these provisions are applicable to a public park or ocean-front beach only if the city council or county board of supervisors having jurisdiction over the public park or ocean-front beach adopts an ordinance designating the public park or ocean-front beach as a "drug-free zone" and notice thereof is posted at the public park or ocean-front beach. These provisions are repealed as of January 1, 2003.

This bill would add public libraries, as defined, to those locations that may be designated as a drug-free zone. Under the bill, the term "public park" in these provisions would include a public swimming pool and a public youth center.

The bill would declare that it would take effect immediately as an urgency statute.
